## PROFILE

As a Business Administration student with a strong interest in technology, I've developed a deep passion for web development alongside my studies. I've pursued this interest by completing two Harvard courses and working on a range of personal projects. With a background that blends business insight and technical skills, I bring a unique perspective that can add real value to any organization.

## EMPLOYMENT HISTORY

### Freelance Web Development & Graphic Design

May 2018 — Present

- Designed websites on Figma then developed them on WordPress.
